

**US Army Corps
of Engineers®**

Algoma Harbor, WI

Harbor Features

- Located on the west shore of Lake Michigan, about 68 miles from Green Bay via Sturgeon Bay Harbor and the Lake Michigan Ship Canal and about 115 miles north of Milwaukee.
- Authorization: River & Harbor Act of 3 March 1871.
- Commercial harbor that currently serves primarily recreational boat traffic.
- Controlling depth 14 feet.
- 1,102 foot long north pier and a 1,530 foot long south breakwater.
- 2,000 feet of maintained channel.
- Dredged material is placed in an upland site provided by locals on an as-needed basis.
- Major stakeholders include U.S. Coast Guard and Lafond Fisheries.

Consequences of Not Maintaining the Project

- Loss of jobs locally.
- Loss of recreational and 30-40 charter fishing operations in the area.

Transportation Importance

- This project serves primarily charter fishing and recreational navigation interests.
- The local community has established a significant infrastructure around the harbor facilities that generates income from harbor users and visitors to the area.

Project Needs

- The harbor channels are stable and require only infrequent dredging.
- Navigation structures are primarily maintained by Government floating plant.
